

Axel Cerkvenih - Application Security Engineer & Software Developer

cerkvenihaxel@proton.me | (+54) 2612780455 | Argentina | [Portfolio](#)

WORK EXPERIENCE

Personal Pay

Jan 2025 - Present

Application Security Engineer (Dec 2025 – Present) | Remote, Argentina

Vulnerability Management: Automated Snyk (SCA/SAST) security gates within GitLab CI/CD pipelines.

Cloud Security: Hardened AWS (IAM, Secrets, S3) and monitored infrastructure via Grafana and Dynatrace.

Automation & Review: Developed DevSecOps tools in Go/Rust and led OWASP-based code reviews for NestJS.

Backend Developer (Jan 2025 – Dec 2025) | Remote, Argentina

Developed scalable microservices for the Personal Identity team using NestJS, PostgreSQL, and MongoDB.

Optimized API endpoints and automated backend workflows, significantly improving system performance and developer efficiency. Maintained and updated mobile application features using React Native

Agripay

Aug 2024 – Dec 2024

Backend Developer | Remote, Argentina

Managed backend microservices using PHP and Laravel, ensuring seamless integration with MySQL and PostgreSQL databases.

Implemented automated testing and deployment pipelines using GitHub Actions.

Maintained cross-platform mobile applications using React Native for iOS and Android.

Containerized services using Docker to ensure consistency across development and production environments.

Innovus Software

Aug 2023 – Mar 2024

Full Stack Developer | Remote, Argentina

Built and maintained enterprise web applications using PHP (Laravel, Yii2) and Node.js (NestJS).

Developed and published mobile updates for Flutter and React Native apps on the Apple Store and Play Store.

Deployed and managed cloud infrastructure on AWS EC2 and DigitalOcean using Nginx and Apache.

Designed RESTful APIs and front-end components using React.js and Next.js.

Global Médica S.A.

Apr 2022 – Aug 2023

Full Stack Developer | La Rioja, Argentina

Led the design and maintenance of a custom CRM system serving **5,000+ users** across a pharmacy and orthopedic chain.

Coordinated multi-disciplinary teams and stakeholders to align technical requirements with business needs.

Architected the system using **PHP (Laravel)** and **Python**, deploying on **AWS** with **Nginx** and **MySQL**.

Provincial Government Area of La Rioja

Jan 2020 – Apr 2022

Full Stack Developer Jr | La Rioja, Argentina

Designed and developed government web applications using **PHP (Laravel, CodeIgniter)** and **WordPress**.

Implemented responsive user interfaces with **JavaScript**, **HTML**, and **CSS**.

Managed server configurations and deployments using **Apache HTTP Server**.

EDUCATION

Universidad Tecnológica Nacional (FRM) | Expected 2027 B.S. in Electronic Engineering & Telecommunications | Mendoza, Argentina
